

The Kingdom of Kraftsborg

Emergency State Reform Act

Purpose:

The state has experienced a recent decline in player activity and engagement. This Emergency Act is intended to stabilise and revitalise the state by reforming its governance and civic systems to better distribute responsibility, encourage participation, and support sustainable growth. At present, the state relies heavily on the activity and personal contributions of the Lord Protector or Adam, resulting in periods of stagnation when leadership availability is limited. These reforms seek to ensure the continued health and development of the state independent of any single individual.

Citizenship Ranks:

This revised citizenship and progression system is designed to encourage sustained activity, reward meaningful contribution, and reduce over-reliance on any single individual for the state's growth and funding. By clearly defining expectations, privileges, and advancement paths, the system provides new players with guidance, offers active members tangible progression, and ensures that responsibility, investment, and opportunity are distributed across the community. This change is essential to creating a more resilient, self-sustaining, and engaging state.

Existing citizens will be appointed a rank appropriate to their length of service and activity.

Citizen

When a player joins the state, they are granted the rank of Citizen. Citizens are provided with an apartment in one of the state's counties and are given the opportunity to familiarise themselves with CivMC mechanics, state infrastructure, and community norms. This rank is intended to support onboarding and integration while allowing new members to participate in the state in a low-risk, guided manner.

High Citizen

Progression Requirements:

- A minimum of 7 days of active playtime, and
- A contribution of 64 diamonds to the state treasury, or multiple substantial contributions to state projects, such as public builds or infrastructure development.

Perks:

- Eligibility to claim residential plots within counties
- Increased access to state factories
- Permission to establish shops within the state
- Can vote in the Talsmand Election

This rank recognises Citizens who have demonstrated consistent activity and early commitment, granting them greater independence and economic opportunity.

Noble

Progression Requirements:

- A minimum of 24 days of active playtime, and
- A contribution of 128 diamonds to the state treasury, or significant contributions to state projects or services.

Perks:

- Access to higher-tier factories
- Larger land plots and improved commercial opportunities
- Provision of improved equipment and armour
- Eligibility for state funding assistance when establishing or expanding shops

Nobles are recognised as major contributors whose efforts materially benefit the state's economy and development.

Lord

Progression Requirements:

- A minimum of 48 days of active playtime, and
- A contribution of 256 diamonds to the state treasury, or an exceptional national contribution, such as leading major projects, sustained administrative service, or foundational development.

Perks:

- Authority to propose legislation to the State Assembly (but not vote)
- Status as the highest non-appointed rank
- Access to state resources upon request to the Lord Protector
- Active state support in large-scale economic or infrastructural endeavours

Lords represent the most trusted and influential non-appointed members of the state.

Individuals holding the rank of Lord or below remain eligible to run for Prime Minister, the People's Assembly, and other senior civic positions.

County Lord

County Lords are appointed by the Lord Protector in recognition of exceptional national service and trust. A County Lord is granted authority over a defined region or county, with responsibility for managing land, infrastructure, and development within that area to ensure effective governance and long-term stability.

County Lords may not run for office or hold any governmental position (other than Minister of Defence).

Kraftsborg Government

Prime Ministerial Elections

Every six (6) weeks, concurrent with the Imperial Federation elections, a Prime Minister shall be elected by the citizens of Kraftsborg. All Citizens of the state are eligible to vote and to stand as candidates for the office of Prime Minister.

Ministerial Appointments

Upon election, the Prime Minister shall appoint three (3) Ministers to serve within the executive government:

- Minister of Infrastructure
- Minister of Economy
- Minister of Culture

These appointments shall take effect immediately upon confirmation by the Prime Minister. This streamlines the government from the existing ministers, removing minister of state.

Opposition Designation

The candidate receiving the second-highest number of votes in the Prime Ministerial election shall be designated as First Opposition, and the candidate receiving the third-highest number of votes shall be designated as Second Opposition. These positions represent the formal opposition within the State Assembly.

State Assembly Voting Structure

Voting within the State Assembly shall be weighted as follows:

- Prime Minister = 3 Votes
- Minister for Infrastructure = 1 Vote
- Minister for Economy = 1 Vote
- Minister for Culture = 1 Vote
- First Opposition = 3 Votes
- Second Opposition = 1 Vote
- Talsmand = 2 Votes

This structure ensures balanced representation between the governing executive and the opposition, while incorporating civic representation through the People's Assembly.

Peoples Assembly

Role and Purpose

The People's Assembly (PA) is a non-partisan civic body responsible for public service, citizen representation, and the maintenance of shared state infrastructure. It exists to support citizens directly and to act as a bridge between the population and the executive government.

The Talsmand

Every six (6) weeks, a Talsmand shall be elected from among the members of the People's Assembly. The Talsmand is elected by all Citizens holding the rank of High Citizen or above and serves as the head and representative of the People's Assembly.

Membership Eligibility and Appointment

Citizens holding the rank of High Citizen or above may join the People's Assembly through one of the following methods:

- Sponsorship by an existing member of the People's Assembly
- Appointment by the Lord Protector
- Endorsement by three (3) Lords of the state

Responsibilities of the People's Assembly

Members of the People's Assembly are collectively responsible for:

- Recruiting and onboarding new players into the state
- Managing, operating, and maintaining public factories
- Receiving, addressing, and escalating citizen concerns where appropriate
- Constructing and maintaining citizen apartment buildings and public housing
- Representing citizen interests and facilitating communication between citizens and government
